

# **Commercial-Grade**

**Residential Water Heaters** 

## ProLine<sup>®</sup> XE Power Direct Vent

### Features

#### Energy Savings

- ENERGY STAR<sup>®</sup> qualified (except 75 gallon model)
- Exceeds NRCan energy efficiency standards
- Factory installed heat trap nipples

#### Designed for Performance

- ProLine<sup>®</sup> XE models are residential water heaters with commercial-grade quality
- Compact design ideal as a replacement water heater and for closet installations
- Exclusive TankSaver® design to prolong tank life
- Ultra-quiet blower
- Convenient 3/4" side water connections for combination applications on high input 50 USG and 75 USG units (plugs are factory installed)
- Factory installed T&P valve and drip tube
- Glass lining provides superior protection against tank corrosion

#### Safety Features

- Sealed combustion chamber design, eliminating the need for a flammable vapour sensor
- Zero clearance to combustibles

#### Serviceability

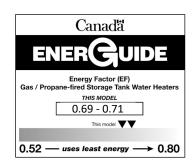

- State-of-the-art gas control features advanced selfdiagnostic capability that makes troubleshooting easy
- Conveniently located T&P and drain valve for ease of serviceability
- Auto-reset temperature switch monitors vent temperature

#### The Ultimate in Venting Flexibility

- Can be vented with 2", 3" or 4" ULC S636 PVC, CPVC or polypropylene pipe up to 180 equivalent feet (see installation manual for full details)
- Can be installed using a concentric vent kit (see reverse or installation manual for details)

### WARRANTY

6 year limited tank and parts 2 or 4 year tank warranty extension kits are available
